GREAT British Blades

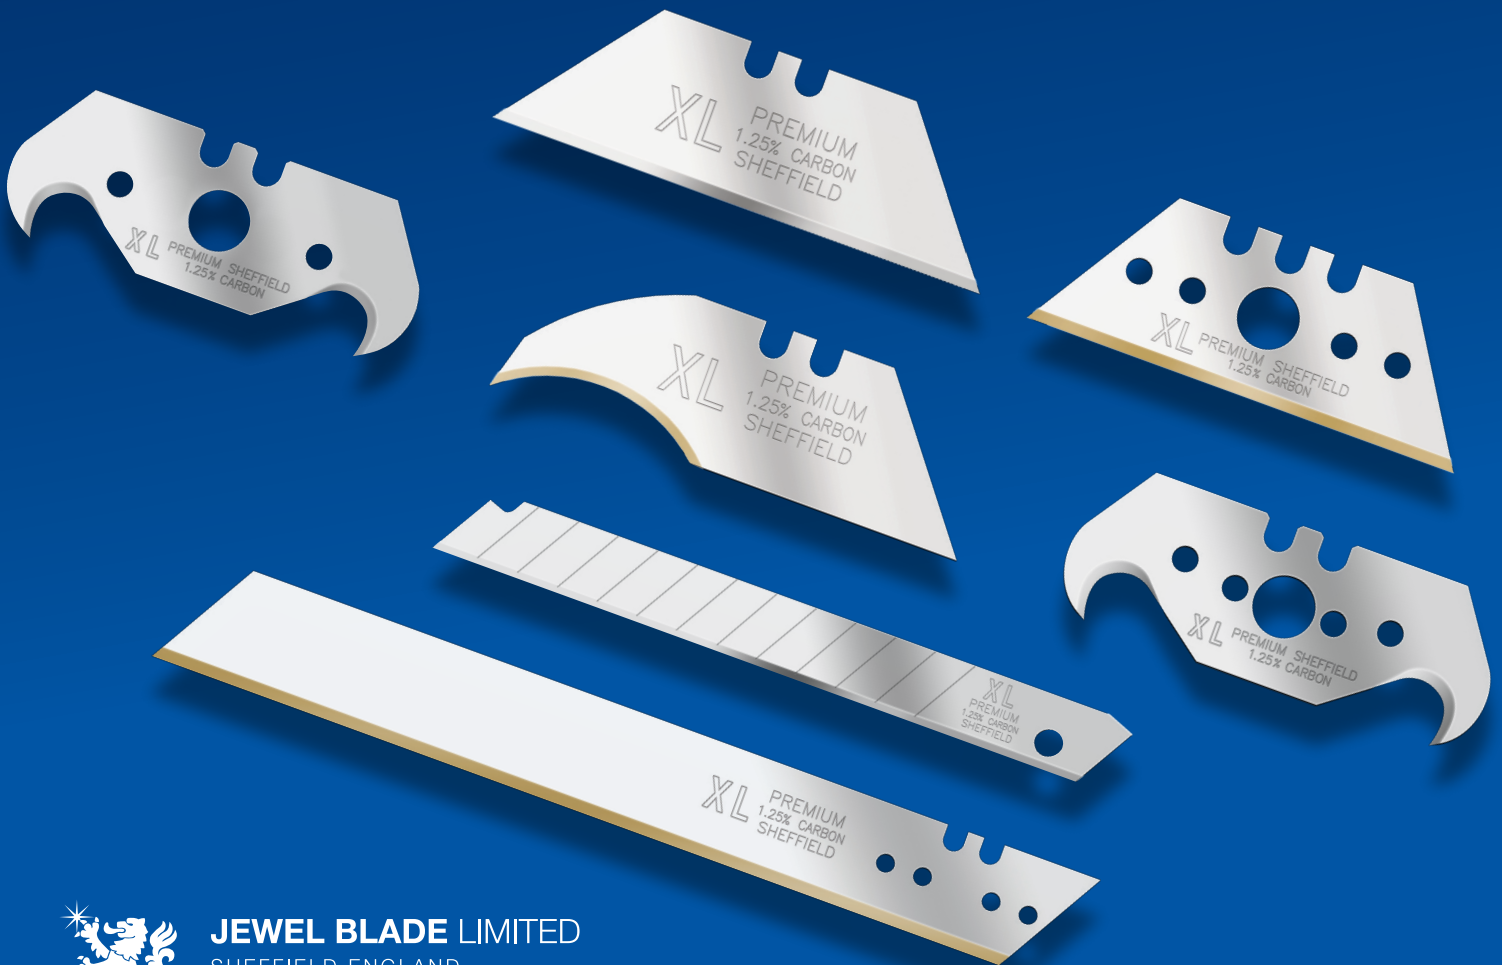

Welcome to Jewel Blade

Jewel Blade a world-leading manufacturer of high precision blades for industrial and commercial applications. The company has been located in Sheffield, England at the heart of the British steel industry, for over 85 years. We are proud of our long history and unique manufacturing facilities. We display the legendary 'Made in Sheffield' as the mark of quality on our blades. This gives our customers the confidence to select Jewel Blade as a business partner.

The capability and experience of Jewel Blade's design and manufacturing ensures all bespoke and speciality blades are produced within an effective and efficient timescale for the client. Our flexible approach and reliable manufacturing facilities allow us to adapt to specific requests from our customers and the demands of the market sectors. Finest high-grade steels and specialist coatings are available to fulfill customer's specific needs.

Jewel Blade's comprehensive range of products and a customer-focused operation ensures customer's orders are delivered promptly from our stock.

GREAT British Blades

XL Premium Professional Blade Range

The innovative XL Premium Range has been designed, developed and manufactured in Sheffield England to the highest of industry standards using a high quality premium 1.25% Polished Carbon Steel which is utilised more commonly in the production of surgical blades.

This superior steel increases the longevity and durability of the blades enabling you to 'Achieve More with Less'

XL Premium SILVER Blades

- 100% Made In Sheffield England
- 1.25% high carbon steel for excellent durability and a razor sharp cutting edge
- Superior polished finish for increased slip factor and higher resistance to rusting
- Designed to last longer than standard conventional blades
- Reduced user handling ensures a safer, more cost effective blade with less tool downtime
- Range of user friendly packaging available

XL Premium GOLD Blades

- 100% Made In Sheffield England
- 1.25% high carbon steel for excellent durability
- Superior polished finish for increased slip factor and higher resistance to rusting
- Titanium Nitride (TiN) Coating can increase cutting performance by upto 8x when compared to other conventional blades
- Reduced user handling ensures a safer, more cost effective blade with less downtime
- Ideal for use when cutting abrasive materials e.g. Heavy Duty Safety Flooring
- Range of user friendly packaging available

XL Premium SILVER Blade Packaging Specifications

Our extensive and varied alternative packaging options are designed around the needs of the clients, ranging from bulk options for industry use, to sales enhancing packaging options.

Poly/Cellophane wraps of 5 Blades, 100 Blades Per Box

Sturdy box containing 20 silver poly/cellophane packets of 5 Blades, the most cost effective packaging option for presenting 100 Blades (20 x 5)

Plastic Hanging Tubes of 10 Blades, 100 Blades Per Box

Sturdy box containing 10 XL Premium Silver branded clear plastic hanging tubes of either 10 x IND621 100mm Insulation Blades, 10 x IND622 130mm Insulation Blades, 10 x IND623 150mm Insulation Blades or 10 x IND624 160mm Insulation Blades, (10 x 10)

VCI Paper Wraps of 5 Blades, 100 Blades Per Box

20 rust inhibiting paper wraps of 5 Blades in a rigid silver plastic reusable box containing 100 Blades, a safe, secure option for transporting and storing 100 Blades (20 x 5)

Clear Blister Retail Hanging Card, 20 Cards Per Box. Available with 5 or 10 Blades

Clear blister containing either 5 or 10 Blades on XL Premium Silver branded blister hanging card, (20 x 5) or (20 x 10)

Safety Dispensers of 10 Blades, 100 Blades Per Box

Sturdy box containing 10 silver plastic user friendly safety dispensers of 10 Blades, (10 x 10)

Safety Dispenser on a Blister Retail Hanging Card, 20 Cards Per Box. Available with 5 or 10 Blades

Silver plastic safety dispenser containing either 5 or 10 Blades on XL Premium Silver branded blister hanging card, (20 x 5) or (20 x 10)

Plastic Tube of 10 Blades, 100 Blades Per Box

Sturdy box containing 10 XL Premium Silver branded plastic tubes of either 10 x IND200 9mm Snap Off Blades, 10 x IND224 9mm Acute Snap Off Blades, 10 x IND201 18mm Snap Off Blades or 10 x IND203 Non Segmental Blades, (10 x 10)

Plastic Tube of 10 Blades on a Blister Retail Hanging Card, 20 Cards Per Box

Silver plastic tube containing either 10 x IND200 9mm Snap Off Blades, 10 x IND224 9mm Acute Snap Off Blades, 10 x IND201 18mm Snap Off Blades or 10 x IND203 18mm Non Segmental Blades on an XL Premium Silver branded blister hanging card, (20 x 10)

Safety Dispensers of 10 Blades with Hanging Loop, 100 Blades Per Box

Sturdy box containing 10 XL Premium Silver branded user friendly safety dispensers of either 10 x IND200 9mm Snap Off Blades, 10 x IND224 9mm Acute Snap Off Blades, 10 x IND201 18mm Snap Off Blades or 10 x IND203 Non Segmental Blades, (10 x 10)

Safety Dispenser of 10 Blades with Hanging Loop on a Blister Retail Hanging Card, 20 Cards Per Box

Silver plastic safety dispenser containing either 10 x IND200 9mm Snap Off Blades, 10 x IND224 9mm Acute Snap Off Blades, 10 x IND201 18mm Snap Off Blades or 10 x IND203 18mm Non Segmental Blades on an XL Premium Silver branded blister hanging card, (20 x 10)
